ACCESS

Air Contract with Cost-Efficient Service Solutions

DON'T INVEST

- Purchasing a compressor is no longer necessary to get compressed air.
- Compressor maintenance can be taken off your hands.
- You can now pay for use instead of ownership.
- If your production changes, adapting your compressed air installation becomes easy.
- Just like water, electricity or data services, compressed air is now available as a utility.

SIMPLY SUBSCRIBE

- With ACCESS, compressed air comes at a monthly fee.
- Your trusted brand takes care of owning and maintaining the compressor.
- No capital investment, no down payment, no hidden extras.
- ACCESS covers all risks and includes full maintenance and repairs.
- If your air demand changes, ACCESS offers quick access to a larger or smaller compressor.
- ACCESS gets you maximum availability, reliability and energy savings.
- Enjoy the ultimate convenience, transparency and flexibility of ACCESS.
